

Please help us better communicate with you by answering these five simple questions along with providing your preferred name, i.e. Deborah might prefer Deb or Michael might prefer Mike plus your last name. Your answers are strictly confidential. Thank you.

Your Preferred Name(s): _____

1. How often would you like to receive mail from us?

Currently we send two newsletters, two appeal letters, tax receipt letters when applicable, renewal forms for our members and invitations to special events such as volunteer appreciation, etc. Occasionally we will send an additional appeal letter if we have an exciting opportunity or an unexpected need arises. May we continue to mail to you on this schedule?

Yes! This schedule is OK with me/us.

I/we prefer the following schedule _____

2. Would you prefer email?

As we continue to upgrade our ability to communicate with you electronically, we will slowly be moving towards that with our members and donors who prefer that.

Yes! As LNCT upgrades its capabilities, I/we would prefer electronic membership renewals and appeals.

My/our email address is: _____

3. May we call you?

Sometimes we use the phone to let our members and donors know of special events, unique giving opportunities or just to say thank you. We do not use telephone solicitation as part of any regular fundraising campaign.

Yes you can phone me/us. Feel free to leave a message.

The best number to reach me/us is: _____

Please don't call me/us.

4. May we publicly thank you?

As one small way to show our thanks, we like to publish the names of our donors/members in our annual report and on the donor wall at Alder Creek Farm. We realize that for many, giving is a very private matter and that public thanks is not desired.

Yes! You may print my/our names as follows: _____

Please don't publish my/our name(s).

5. Going into our 10th year of land conservation, it is now an appropriate time to create a bequest program and recognition circle. Gifts left to LNCT in the wills/estate plans of our supporters can have an enormous impact on the future of our work. We understand that wills/estate plans are entirely revocable and that our donors/members can change their minds at any time. However, it is important to our understanding and planning to know how many people currently plan to support LNCT through their wills/estate plans. **To assist in developing our plans, we invite you to answer the following question: Please check one box only.**

Yes, I/we have mentioned LNCT in my will/estate plans.

I/we intend to include LNCT when I make or next revise my will/estate plans.

I/we would consider including LNCT in my will/estate plans and would like more information.

I/we do not have a will/estate plan.

We appreciate your ongoing support of LNCT. Thank you!
